(Associated Press Cable)

London, November 13.—The complete defeat of Premier Kerensky and General Korniloff is announced in a Russian wireless communication. The communication follows:

"Yesterday after bitter fighting in Tsarkoe-Selo the revolutionary army completely defeated the counter revolutionary forces of Korniloff and Kerensky.

"In the name of the revolutionary government I order opposition to all enemies of the revolution to cease and the taking of all measures necessary to capture Kerensky. I also forbid similar ventures which are endangering the success of the revolution and triumph of the revolutionary army.

"M. MOURAVIEFF,

Commander in Chief of the Forces Acting Against Kerensky."

## REPORT OF SUCCESS

(By Associated Press Cable)

Copenhagen, November 13.—

Premier Kerensky's troops are in control of part of Petrograd, especially the Nevsky Prospekt, according to a telegram received by the Stockholm News Agency and forwarded to Copenhagen.

The Bolsheviks are said to have taken refuge in the Smolny Institute.

## COSSACKS RALLY

(By Associated Press Cable)

Stockholm, November 13.—General Korniloff has entered Petrograd where the entire garrison except the sailors went over to his side, according to a Petrograd dispatch to the Social Demokraten under Monday's date.

Telegrams from Finland announced the arrival of Premier Kerensky in Petrograd with his troops. Finnish newspapers declare unreservedly that the Bolsheviks already has been overthrown.

Messages from Moscow and southern Russia announced the country in complete control of the Cossacks who acknowledge the leadership of Kerensky.

The Bolsheviks were defeated badly at Tsarkoe-Selo and retreated to Petrograd.

Another message says Kerensky announces the seat of government will be removed to Moscow.

Generals Korniloff and Kaledines have issued from Novo Tcherskask, headquarters of the Cossacks, a proclamation summoning the Russian people to unite against the Bolsheviks.

## TRAVELERS' STORIES

(Associated Press Cable)

London, November 13.—A dispatch from the Copenhagen correspondent of the Exchange Telegraph Company says the travelers arriving in Haparanda, Sweden, from Russia, confirm the report that Premier Kerensky has gained a complete victory over the Bolsheviks.

### AN EARLY MORNING HIKE "SOMEWHERE" IN FRANCE

A HIKE IN FRANCE.

French Official Photo.

Some of Uncle Sam's boys who are training for the battlefield in France, returning from an early morning hike, passing through a French village. These hikes are much longer and much more severe than the hikes the boys had when in training in the United States.

It is said the Premier, General Kaledines and General Korniloff have formed a Triumvirate in Petrograd, where all the troops side with Kerensky. It is reported Nikolai Lenine has been captured.

The authenticity of these advices is open to question in view of the fact that no such developments are reported in dispatches filed in Petrograd as late as 7:00 o'clock yesterday evening.

## U. S. GUARDS IN "NO MAN'S LAND" EXPERTS

American Troopers Are Fast Learning the Patrol Work.

Many Stories of Heroism During Trench Fights Are Told.

(By Associated Press Cable)

With the American Army in France, November 13.—American soldiers are rapidly becoming expert in patrol work and their officers say they carry on in "no man's land" as if they had been at it for years.

This is explained partly by the fact that activity in "no man's land" along the sector held by the Americans virtually is open warfare, which is distinctly an American game.

Already stories of the heroism of individual soldiers during trench raids are coming to light. A recent incident involved five privates who rushed from their dugouts as the Germans entered the trenches. Standing, kneeling and lying in front of the trenches they fired on the enemy so successfully they prevented the Germans, who made several attempts, from entering.

### NINE PASSENGERS FLY IN BIPLANE

Mineola, N. Y., November 13.—(Associated Press Dispatch)—Lieutenant A. S. Resnati, of the Italian army, in a Caproni biplane, left here today at 10:41 for Hampton, Va., with nine passengers, including six United States army officers.

## MILITARY FUNERAL FOR DEAD QUEEN

(By Associated Press Cable)

Honolulu, November 13.—National Guard troops of Hawaii have taken charge of the body of ex-queen Liliuokalani, because of a threatened will contest. She died Sunday.

Control of the body was demanded by John F. Colburn, who declared the former monarch, in a will dated August 29th, 1917, appointed him executor of the estate, making many changes in the disposition of the property.

## STARS TO PLAY AT CLEVELAND

(By Associated Press Dispatch)

Newport, R. I., November 13.—Arrangements have been made for a foot ball game at Cleveland, on November 24th, between the teams of former college stars, representing the Second Naval district and eleven from Camp Sherman.

The naval eleven had previously been scheduled to play at Brooklyn on that day.

## EMPLOYEES IN SHIP BUILDING GO ON STRIKE

Several Thousand Men Quit Work in Newark War Base Shops.

Grievance Directed Against the Lackawanna Bridge Company.

(By Associated Press Dispatch)

New York, November 13.—In addition to several thousand men employed in ship yards and war supply bases at Newark, N. J., who struck yesterday, a walk-out of other workers was threatened today. According to Union estimates 6,000 men are idle and between 4,000 and 5,000 more may quit today unless a settlement is affected.

The grievance is directed against the Lackawanna Bridge Co., which employs no union men.

## UNDER GUARD

(Associated Press Cable)

Buenos Aires, November 13.—The Argentine government has sent a torpedo boat destroyer to the Island of Martin Garcia, to bring to this port Count von Luxburg, the expelled German minister to Argentina, so that he may embark on a Dutch steamship for Amsterdam.

The ex-minister will be kept under strict surveillance by the Buenos Aires government until he leaves.

Count Carl von Luxburg, after being handed his passports was taken to the island detention camp, October 12th.

Invaders Checked in Desperate Attacks to Pierce Italian Center.

Attempts to Outflank Lines Protecting Venice Also Prove Failures.

Great Defense Is Straightening Out Virtually on an Even Line.

Teutons Are Fighting Frantically.

(By Associated Press Dispatch)

Powerful efforts are being exerted by the Austro-German invaders of Italy to pierce the Italian front in the eastern Trentino, and by breaking forward to the plains from the Sugana valley, outflank the Italian lines on the lower Piave river, protecting Venice.

Berlin's official report today claims some success for the Teutonic armies in this attempt. They took Monte Longara, northeast of Asiago, and further to the northeast made headway between the Sugana and Cison valley, storming defensive works in this area.

The fighting here obviously is of a desperate nature and the Italian forces have shown themselves in a mood of determined resistance.

In the Asiago area last Saturday for instance, two peaks in the same defensive zone of Monte Longara were captured by the invaders, but afterwards were re-taken by the Italians in resolute counter attacks.

Between the Cison and Upper Piave river valley the Italian line is straightening out to virtually an even line for the connection link between the Piave and Trentino fronts.

It is apparently in this process that the town of Fonzaso about five miles west of Feltre was reached by the Teutons.

## PROSECUTION IS ORDERED BY CROXTON

(By Associated Press Dispatch)

Columbus, O., November 13.—Following an investigation of complaints that food prices were advanced simultaneously with miners' wage increases and exercising for the first time authority lodged in his office by the Federal law, Fred C. Croxton, state food administrator today ordered immediate reduction in the prices of staple food stuffs sold in two mining stores in Athens county.

In a conference in Columbus with representatives of both stores which are operated by mining companies, Croxton made it plain that there are several ways that he will undertake to enforce food administration regulation to prevent profiteering.

They are: By prosecution through the Federal Department of Justice; by ordering wholesalers to cut off the supply of offending retailers, and by prosecution under the state laws which give him ample power to curb unreasonable profits.

## SPEAKS FOR OVERSEAS BOYS IN ASSEMBLY

R. C. MAC ADAMS, M. P. S.

Nursing Sister R. C. MacAdams, M. P., the first woman representative to be elected under the new Canadian regulations. Sister MacAdams has been chosen to represent the overseas soldiers from Alberta in their legislative assembly. Some victory for the ladies! Canada is certainly wide awake.

## NEARING NABBED FOR "PEACE" TALK

(By Associated Press Dispatch)

Duluth, Minn., November 13.—Prof. Scott Nearing, of Toledo, who recently resigned as a professor at the University of Pennsylvania, and who now terms himself "President and Chairman of the Executive Committee of the 'People's Council of America'" arrested here last night with four others, was held today on a charge of making utterances tending to hinder the progress of the war.

Nearing was arrested while making an impassioned speech. He had reached a point where, police say, he demanded "immediate peace" when a policeman laid a hand on his shoulder. Some excitement followed, the crowd hooting the police. The auditors had been admitted to the hall by cards sent out by Nearing's companions, according to the police.

## MORE MISTAKES CAUSE A CHANGE

(By Associated Press Dispatch)

Cincinnati, O., November 13.—The majority of 1723 which the face of the returns last night showed the wets had obtained in Ohio, was changed again today when the returns from Scioto county, in the revised form, were received by the Secretary of State.

These gave the dries two more votes and took 20 from the wet count in that county, thus placing the latest majority at 1701 wet votes.

Coshocton reported to the Secretary of State today and the vote was identical to that received officially from the county seat several days ago, thereby not changing the majority or totals.

## LONGVIEW HOSPITAL PROBE ON

(By Associated Press Dispatch)

Cincinnati, O., November 13.—Two developments came in quick succession today in the "death inquiries" of Longview Hospital. First, the Hamilton county grand jury was instructed to investigate all deaths and, second, Coroner Bauer and police officials announced that two attendants had made statements that an attack had been made on Sabin Hollister, who died shortly after being taken to Longview last Thursday.

Choking, beating and kicking of the patients were admitted, although each attendant laid the major blame on the other.

Warrants charging murder were sworn out in Municipal Court against James E. Brown and A. L. Barlow, the attendants accused of attacking the patient.

The Hamilton county grand jury will investigate conditions at Longview Hospital and also will inquire into the causes of the various deaths, violent and natural, that have occurred in that institution within the last three years of which the former has record.

Aroused by the death at the hospital of Sabin Hollister, Judge Nippert Tuesday morning called the grand jury from its sessions before him and gave them instructions.

The Judge said: "This seems to be a culmination of what has been occurring there for years. It has been reported repeatedly that patients have been mistreated. Woe unto such persons who may be responsible for such conditions."

The jury was instructed to return indictments for responsibility for such conditions, if they exist, and exoneration if there is no responsibility.

## BUILDINGS TRADES CALLS OFF STRIKE

(Associated Press Cable)

Buffalo, N. Y., November 13.—All strikes affecting government work in shipping munitions and other war enterprises have been called off by the building trades section of the American Federation of Labor, it was announced this afternoon. A conference of representatives of building trades heads and government representatives will be held in Washington within a few days to go over the situation. Pending the result of this meeting orders have been sent to the president of locals to put their men back to work.

## REGISTRATION MAY BE REQUIRED OF ALIENS

(By Associated Press Dispatch)

Washington, November 13.—President Wilson is expected to issue a proclamation soon requiring every alien enemy within the United States to register, as a step toward ridding the country of spies and saboteurs.

The government has virtually decided that this procedure is the only way open for sifting from the million Germans in the United States the few who are believed to be causing fires in munition plants, grain elevators and warehouses and promoting propaganda injurious to America's prosecution of the war.

# GEORGE C. HAYNES LOSES GALLANT FIGHT FOR LIFE

After Years of Patient Battling  
for Life Prominent Business  
Man Forced to Surrender to  
Grim Reaper.

Word reached this city shortly before midnight, Monday that Mr. George Haynes, whose condition had admitted of no hope since Sunday, had passed quietly away at Mt. Carmel Hospital. On last Tuesday, Mr. Haynes, at his own urgent desire, once more submitted to the surgeon's knife in a final attempt to recover his health. Soon after the first operation, nearly five years ago, his health broke down, Mr. Haynes has kept up a continual fight for life, a constant sufferer, and finding all hopes held out for permanent benefit possessing only the lure of the distant mirage. Everything that medical skill and devoted care could do proved unavailing and, with the regret that attends the passing of this man in the prime of life, the earlier possessor of those requisites necessary for a successful life, there is much to

comfort in the knowledge that after so many years of pain, George Haynes is at rest. With him when the summons came were his wife and only son, Richard who have had the sympathy of many friends during these anxious weeks. Undertaker Kiever was called and left at once with his ambulance for Columbus to bring the body back to the home on Columbus Avenue. He arrived at 3 A. M., Tuesday morning, accompanied by Mrs. Haynes and son, and Mr. and Mrs. Jess Grant, of Grove City.

Until his health broke down, Mr. Haynes had been actively identified with Washington's business, fraternal and social life and always responsive to her forward movements. Twelve years ago he established the Haynes' Furniture Co., one of the successful business enterprises of the town of which Mrs. Haynes capably assumed the management when Mr. Haynes was forced to give it up.

Mr. Haynes was fifty-two years old. He was a member of the Grace M. E. church, the Elks, the I. O. O. F., Junior Order American Mechanics. His parents Mr and Mrs. J. H. Haynes who reside in Chillicothe, are advanced in years and will not be able to attend the funeral. Mrs. Harley Barnhart, of Chillicothe, a sister, will be here.

The funeral services will be held at the home, Thursday afternoon at 2 o'clock in charge of Rev. Cherrington and Rev. Ross of Columbus. Burial will be made in the Washington cemetery.

# Y. M. C. A. DRIVE IN FAYETTEE WILL BEGIN TONIGHT

Group of Men Hear Stirring Words  
of Y. M. C. A. Man From Camp  
Sherman—Real Men Wanted  
at the Y. M. C. A. Tonight and  
Cheerful Givers are Wanted in  
Every Nook.

The group of men, part of those who must "go over the top" in the drive in Fayette county for \$10,000 as this county's portion of the Y. M. C. A. war work fund, which must be raised this week, were deeply impressed by the address of Augustus Wolfe, a bright young man who has surrendered his prospects of a career at the present time in order to do his bit in the Y. M. C. A. work so essential to the comfort and welfare of the men in the camps and at the front.

Mr. Wolfe described the daily life of the soldier in camp, and the absolute necessity of the Y. M. C. A. in order to take care of the social and moral side of the men in camp, and to give them a community meeting place, for entertainment, writing to their home folks, and enjoying their few leisure hours.

He touched on the fact that those who do remain at home, and are not called to lay down their lives if necessary, should be willing to work for and give toward maintaining the Y. M. C. A. work in the camps.

Campaign plans were discussed after the departure of Mr. Wolfe, and tonight 100 to 150 men—men who are patriotic and have glimpsed the vision of self-denial and sacrifice that are now necessary and which will be increasingly necessary until the end of the war, will be at the Y. M. C. A. for final conference, and then the great work of raising the war fund must be taken up with a will and pushed through to speedy success.

All Fayette countians who can do so are expected to be among the "grateful givers" and "worthy workers" in the cause of humanity.

All over the land the importance of realizing that the time to give and to help in the country's cause has come, and will remain indefinitely, is being impressed upon citizens in general.

# WORD RECEIVED OF SUDDN DEATH

Mrs. J. M. Hicks, of Rawling Street, received the sad news Tuesday morning of the sudden death of her mother, Mrs. E. H. Reed, of London. Mrs. Reed had not been well but Mrs. Hicks had received no intimation that her condition was serious, and was overwhelmed by the shock. She has the utmost sympathy of many friends in her great bereavement.

Mr. and Mrs. Hicks and daughter, Vonna Berniece, left at once for London.

# MANY FRIENDS GATHER FOR FUNERAL SERVICES

The home on the Lewis Pike was filled with sorrowing friends on Monday morning, when the funeral services of Mrs. James Gault were affectingly conducted by Rev. G. L. Hart, of the First Baptist church. The minister followed the reading of the memoir with appreciative remarks. The memoir was written by a life-long neighbor and friend.

Many flowers expressed fragrant sympathy among them beautiful sprays of roses and chrysanthemums from the I. O. O. F. and the Eagles.

The burial was made in the Bloomingburg cemetery. The pallbearers were Harry Manuel, Grover Manuel, Hugh Smith, Orion Hidy, Edward Davey, Wayne Wavy.

MEMOIR  
Rebecca Davi, daughter of Mary Jane and John Davy, was born, March 25, 1844, in Zanesville, O., and after a lingering illness of many months, passed to the great beyond, November 10, 1917, aged 73 years, 7 months and 15 days.

On November 4, 1865 she was united in marriage to James Gault. To this union was born six children. Willie, who died Dec. 17, 1870. Frank, Alvah E., Jesse R., Ernest L., who died March 21, 1917 and Gertie May, dying March 26 1880.

She leaves to mourn their loss a husband, three children, Frank, Alvah E. and Jesse R., all of Washington C. H., six grandchildren, one grand son and one great grand-daughter and three brothers, William Davy of Lebanon, Mo., Frank and Jesse of Washington C. H. and Mrs. Phoebe J. Smith of Jefferson Iowa, and Mrs. Lena Backenstoe of Washington C. H. and a host of relatives and friends.

She was a true and loving wife and a kind and indulgent mother. She often spoke of her bright hope of the future. And that the heavier the cross in this life the brighter the crown of everlasting life. So we feel that she sleeps in Jesus. Blessed sleep from which none ever wake to weep. This hard to part with loved ones, yet we know that in the shadow, God is near, to bless us in our tears.

Asleep in Jesus, soon to rise when the last trumpet shall rend the skies. Then burst the fetters of the tomb, and wake in full immortal bloom.

# CARD OF THANKS

We wish to thank our friends and neighbors and members of the Odd Fellows and Eagle lodges for their kind attention and sympathy and beautiful floral offerings during the sickness, and at the funeral services of our dear mother.

# HALF SCORE OF SPEEDERS FINED

A half score of speeders were arrested Sunday, five in the city and five outside of the city, for excessive speeding, and it cost each man \$13.50 to pay for his violation of the speed laws by more than doubling the speed permitted under the state law. In the county no man was picked up who was going under 35 miles per hour.

One man from Cincinnati, probably intending to be shrewd and escape payment of fine, gave a bad check, and unless he settles instantly a much more serious charge will be placed against the man.

Most of those passing through the county have learned to keep their machines within a fairly reasonable speed.

# GRANTED DIVORCE CRUELTY CHARGED

Mrs. Augusta C. Henderson, formerly Augusta C. Miller, known in this city as a former inspector of work-shops, prominent in Springfield society, has been granted a divorce from James E. Henderson, well known varnish salesman, on the grounds of extreme cruelty. The case was not contested.

# SUPPLIES OF WOOD BEING ACCUMULATED

A little trip through the surrounding country at the present time, indicates that farmers, convinced of

the hard task of obtaining coal in sufficient quantities to furnish heat during the winter, are falling back upon wood, and have laid in a supply of wood for fuel.

In this city, the demand for wood is on the increase, and citizens are

beginning to seek a supply of wood to have in case they are unable to obtain sufficient coal; a thing which is becoming more apparent.

## REGISTERED MEN MUST ANSWER ALL QUESTIONS ASKED

Fayette Countians Who Registered for Military Service Will Receive Blanks Within a Few Days and Must Fill Them Out Promptly and Return to Local Board.

Work on the new classification of drafted men not yet called to service, will begin this week, and the Local Board of Fayette County is now preparing to send out the necessary blanks and instructions from the War Department.

Under the new rules, every man who registered and has not been called will receive a list of questions which he will be required to answer and return within a week to his board, giving his occupation, number of persons dependent upon him and whether he is married or single, etc.

Industrial occupations are divided into 30 sections, each of which has from two to ten sub-occupations. Every possible phase of work is covered in the questionnaire which will be sent out and the value of each man to the nation, in his special line, will be clearly shown. Aliens will also be classified as to whether they are friendly or hostile.

The dependency blank is divided into five sections and each man will be placed in the section that his answers call for. The dependency sections are as follows: Single men with no dependents, single men with father or mother to support or brothers or sisters under 16 years of age married men with only a wife to support, and married men with families.

The draft boards are given two weeks in which to complete the work of classification. When this is completed they will proceed with the next draft when ordered, calling the men for the next examination under the new rules. Their work will be simplified to the extent that the single men will probably be the only ones to be called at that time. They will come in their order numbers, skipping those who are in temporarily exempt classes.

## WHAT IS OUR PART?

Far, far from home, trapped in a trench by jeering Prussian horde They whom we sent have given life at bayonet and sword; They made the noblest gift of all for country and for cause: Their sacrifice, so very great, should give all men to pause And counsel well if what we've done is worthy our estate— Can we say true that what we do will ever compensate For mother's loss, for father's grief, the price a wife must pay? O, let this thought sink deep in heart and prompt an act TODAY! —John Nelson Stewart, Jr.

NO ACTION TAKEN TOWARD CHANGING MYERS BUILDING

Council Allows Proposition to Rest After Being Informed that Mayor Will Oppose Change. Fire Truck Mentioned—Other Matters Discussed.

Although the city council met Monday night for the stated purpose of endeavoring to reach some decision on what should be done with the old Myers building, no action was taken regarding the matter after the Safety-Service Director had declared that he favored erecting a separate building back of the old structure, and that Mayor Oster would oppose any move he made toward remodeling or preparing the Myers building for use.

All councilmen were present, among the few visitors were Mayor-elect V. J. Dahl, and councilman-elect, Charles Phillips.

The first business taken up was a proposal made by Tom Clancy to pay for the hauling and laying of old curbstone on Oakland avenue, to form a walk. Mr. Clancy stated that there was and had long been urgent need of some kind of a walk on the street, and that if council would order the improvement as he suggested, he would bear the expense. A motion to accept the proposal was adopted unanimously.

The question of the Myers building then came up. Sheets stated that so far nothing had been done toward preparing a city prison in the building, and asked for a statement from the Safety-Service Director.

Safety-Service Director, James Hillery said that he had investigated the amount of funds available, and to do the work as he thought it should be done, there was a shortage of \$300 for the work. He said that the city had some 20,000 vitrified brick in the Slagle lumber yards, and that his idea was to build a separate structure back of the present Myers building, and when the city wanted to tear out the Myers building and erect a city building, the building could be carried back over the building containing the city prison.

He stated frankly that he was not in favor of making any changes about the building, leaving it for the next administration to handle, and in the course of his remarks concerning the change, declared that "the mayor will oppose me no difference what I do, and says he will enjoin me if necessary."

No further discussion of the affair took place, Sheets asking if the bonds issued for the new fire truck had been accepted, and stating that inasmuch as

We want you to use Fresh Roasted Coffee. We want you to know that it is the finest coffee that money will buy.

Here is our proposition. Give us your order for 25 pounds of our Fresh Roasted Royal Blend 40c coffee. Pay for it as you get it, either one pound or more at a time.

When you give your order for the coffee, we give you the electric iron and charge it to you. When you have used the full amount 25 pound of coffee, we cancel the charge of \$3.50 for the iron. Could any proposition be fairer?

You do not have to wait for your iron, it is given to you at once. You have no money tied up all you do is to buy your coffee, just as you need it.

The supply of these irons is limited. We suggest that you give us your order at once.

he understood the "new truck" was to be delivered in some four weeks, he believed the horses should be advertised for sale. The solicitor advised against this, and stated that a report on the bonds was expected within a few days.

Upon motion of Evans, the safety-service director was authorized to raise a walk in the alley east of Sunny-side school building, between Fayette and North Streets.

Sheets called attention to the safety-service director to the dangerous condition of North and Court Street crossing, and immediate repair of the intersection was indicated.

The best manner of improving the ungainly sidewalk at the Odd Fellows corner so that a step ladder would not be necessary in reaching the sidewalk from the street, was discussed at some length, the engineer declaring that removal of a section of the walk and sloping it toward the corner was the practical method of making the change, while others suggested a step or two.

The affair ended by President Sanders placing the matter in the hands of the same committee that had taken it up with the Odd Fellows' trustees last week, for further consideration.

"I have suffered with extreme nervousness for years, followed by sleeplessness, despondency and low vitality, due to weak nerve force. I have had the services of numerous physicians and tried all the remedies I

could learn of but gained no relief whatever.

"I learned from some friends of the great virtues of Nerv-Worth and concluded to try it. ## POLICEMAN SHOT BY FRANTIC THIEF

(By American Press)

Cincinnati, Nov. 13.—Two Cincinnati police officers were killed here as the result of an attempt of a detective to arrest a man suspected of robbing a jewelry store here last week. The dead are: City Detective Albert Wegener and Speed Patrolman George De Poria.

Detective Wegener was shot and almost instantly killed when he trailed the suspected robber into the pawn shop of W. C. Levi in Central avenue. The man was negotiating with the proprietor over several watches when Wegener entered and as he was about to place the suspect under arrest, the man shot the officer point blank through the breast. Wegener, dying, staggered after the fleeing man and managed to fire two ineffective shots before he expired.

The fugitive fled down Central avenue to Fifth street, where, at the point of his revolver, he forced the chauffeur of a private touring car to drive him away. Riding about a dozen blocks in his commandeered car, the man fled into a building near the water front, according to the chauffeur. Speed Patrolman De Poria, who joined in the chase, started up the fire escape of the building, while other officers guarded the entrances.

Police Lieutenant Walsler appeared upon the scene, unaware of the man hunt, and, seeing Officer De Poria on the fire escape, took him for a burglar and fired, the shot entering De Poria's hip. An unidentified man in the crowd followed the officer's lead and also shot at De Poria, his shot, too, taking effect. De Poria died a few hours later. In the excitement of the double killing the hunted man made good his escape.

W. F. Williams, aged 64, former resident of western Fayette county, but who for some time has lived alone at Groveport, Ohio, was instantly killed at West Jefferson, Monday evening, when an auto driven by Grover Burrell, aged 25, of West Jefferson, struck him.

Williams was driving near West Jefferson when his horse fell to the roadway, and it was while endeavoring to assist the horse in regaining its feet that the Burrell machine, in the act of passing, struck him and also killed the horse.

Two boys with Williams declared the Burrell machine was traveling at excessive speed.

## D. T. &amp; I. SLEUTHS AFTER COAL THIEVES

"Nick" Fisher, well known D. T. & I. officer, is in this city at the present time recovering ton after ton of coal which it is alleged was stolen from the road during the past few weeks, and stored in the bins of the thieves, or else sold to neighbors.

A number of persons have been compelled to give up the coal taken in this manner, and the investigation continues.

Monday Frank Hickman faced Judge Allen on a charge of stealing \$15 worth of coal from the D. T. & I., and was bound over to the grand jury under \$200 bond.

## COAL ARRIVING; GOES RAPIDLY

Seven or eight cars of coal, arrived in the city from Saturday evening, until Monday noon, two of them being received by the new company, and these are being unloaded to supply stockholders of the company.
